## USING THE TRANSIT WHEELCHAIR LIFT

*When you schedule your ride, please remember to tell us you will need the lift.*

### **When waiting to board the van you should:**

- ◆ Wait for the driver to tell you when it is safe to board the lift. Then move onto the platform. If you are using a wheelchair you should preferably board the lift back first. This is the safest way to board and makes for easier maneuvering inside the bus. Make sure you set your brakes.
- ◆ When you are securely on the lift, firmly grasp the hand rail located on each side.
- ◆ The driver will assist you inside the transit.

Passengers using wheelchairs may use the lift. Persons who are unable to use the steps to enter the transit may also use the lift. The lift will not be used to load packages.

If you require assistance to help you go from the transit to your destination, you need to bring a personal care attendant with you. Your attendant rides at no charge.

### **HUNTINGBURG TRANSIT POLICY: POWER MUST BE DISABLED ON MOTORIZED WHEELCHAIRS WHEN ON THE LIFT**
